Children's Names & Birth Years:**

Family Profile (homeschooling style, interests, etc. – space is limited, so please be brief!):**

****The information about your children and profile is optional. We request it for two reasons: it can help you connect with others who have similar interests; and MHA uses it to search for members to contact when age-specific scholarships, events, or other opportunities arise. This information is published with your name, address, telephone number and e-mail address in our Membership Directory, which is updated twice per year. The current version is sent in paper form to our new members. (If you're just joining, don't be alarmed if your name is not in the directory you receive! It will be added during the next revision.) Applying for membership in MHA automatically enters your family's information in the Membership Directory. If you do not want to be listed in the MHA Membership Directory, check the first box below.**
